

State of Louisiana
Department of Transportation and Development (DOTD)

Materials and Testing Section Qualification Procedure
for
Qualified Products List 60

TEMPORARY PAVEMENT MARKING TAPE

MATERIAL SPECIFICATION REFERENCE:

DOTD Standard Specifications, Subsection 1015.08(a).

PRELIMINARY REQUIREMENTS:

Louisiana DOTD
Qualified Product Evaluation Form

The manufacturer shall submit a standard "Qualified Product Evaluation Form" to the DOTD Materials and Testing Section Coordinator listed below, along with a letter requesting evaluation for the Qualified Products List.

Product Data Sheets

Include product data sheets with the "Qualified Product Evaluation Form" to provide all pertinent information relative to the product to be evaluated; including, but not limited to, manufacturer's specifications, typical analysis and a Materials Safety Data Sheet (MSDS).

AASHTO
National Transportation Products Evaluation Program (NTPEP)
Product Evaluation Form

The manufacturer shall also submit a standard "AASHTO National Transportation Products Evaluation Program (NTPEP) Product Evaluation Form" to the AASHTO NTPEP Coordinator listed at the bottom of that form. The manufacturer will be contacted by the Coordinator regarding the submission of samples.

TEST REQUIREMENTS:

AASHTO NTPEP

Laboratory and field results obtained by the AASHTO NTPEP will be used in the evaluation of this material.

Laboratory Testing

Laboratory results obtained by the AASHTO NTPEP will be used to determine conformance to DOTD Standard Specification, Subsection 1015.08(a).

Field Evaluation

Temporary pavement marking tape subjected to field testing will be inspected by the AASHTO NTPEP for retroreflection, durability and appearance. The Type I striping tape (removable) shall be inspected for ease of removability and discernible markings after removal. These results will be used to determine acceptability by the Department.

The contact person affiliated with AASHTO NTPEP is:

NTPEP Coordinator Ph: 202/624-3695 Fax:202/624-5806
AASHTO National Transportation Products Evaluation Program
444 N. Capitol St. N.W.
Suite 249
Washington, D.C. 20001

For detailed information, refer to the Operational Procedures of the AASHTO NTPEP.

Evaluation Time

A final report will be received after the evaluation period. Exact deadline dates and details for submittals should be obtained from the NTPEP Coordinator.

GENERAL:

Upon completion of the evaluation, the submitter will be notified in writing concerning the results of the evaluation and whether the product will or will not be added to the Qualified Products List. The Department reserves the right to reevaluate any product at any time.

PROJECT ACCEPTANCE REQUIREMENTS:

Qualification of a product is not blanket approval for its use.

All lots of temporary tape for pavement markings shall be accompanied with two copies of a certificate of compliance submitted to the project engineer stating that the material conforms to the requirements of Louisiana DOTD specifications. Upon receipt, the project engineer reviews, approves and files one copy of the certificate of compliance for documentation and mails one copy to the DOTD Materials Engineer Administrator. Sampling shall be required only if the material is questionable upon visual inspection by the project engineer.

DISQUALIFICATION:

Any product may be removed from the Qualified Products List for non-conformance with specifications or performance requirements. The Department must be notified in writing of any change in product formulation. Significant changes may require reevaluation of the product.

REQUALIFICATION:

A product which has been disqualified and removed from the Qualified Products List will be considered for reevaluation only after submission of a formal request along with acceptable evidence that the problems causing the disqualification have been resolved.
